H.E. Zeina Toukan
Minister of Planning and International Cooperation

Excellency,

It is our pleasure to inform your Excellency that the Knowledge Co-Creation program in **“Adaptation to Climate Change”** will be held online from August 19, 2024 to August 30, 2024 (for 2 Days) and in Japan from September 2, 2024 to September 27, 2024. The Program includes sites visits in Japan, workshops and group discussions with participants from other countries.

Since the program is offered to an officer in charge of planning and/or implementation of adaptation to Climate Change in a national or local governmental office, it would be grateful if the Ministry could kindly forward the attached General Information to the Ministry of Environment and the other relevant ministry to nominate an appropriate candidate.

Moreover, it would be appreciated if the Ministry could take necessary measures so that one original copy of Application Form, Questionnaire and a copy of Passport for applicant could reach JICA Office not later than June 25, 2024.

Please notice that the qualifications of applicants and other related issues for the course are mentioned in the attached General Information and the applicant(s) is / are requested to submit a copy of certificate of English Language Test (TOEFL, TOEIC, IELTS) with the Application Form.

Furthermore, while this program aims at strengthening participants' own capabilities to make draft plans to formulate or improve policies/measures on adaptation to climate change in participants' organizations, the participant is requested to conduct a presentation to his/her colleagues with attendance from JICA Jordan Office, in order to disseminate the knowledge acquired.

Your kind attention would be highly appreciated.

Sincerely,

Online and Face-to-Face (in Japan)

気候変動への適応

Outline

1. In this program, by creating an action plan based on PCM, participants can rank the priorities & concretely implement climate change adaptation measures.

2. Participants can understand the adaptation measures that are actually implemented at various levels through lectures by various instructors from government agencies, private sectors, educational institutions, etc. in Japan.

3. This program aims to develop human resources who will play an important role in the formulation of adaptation measures for developing countries to achieve the "global goals of climate change adaptation measures "under the Paris Agreement. "

For What?

Background

Climate Change and its effects have already become visible all over the world and the importance of measures on adaptation to Climate Change is mentioned at the United Nations Framework Convention on Climate Change. Especially in developing countries, it is urgent and vital task to consider adaptation measures based on regional and sectoral impact assessments and vulnerability assessments of respective countries. The Paris Agreement, which entered into force in November 2016, established Global Goal on Adaptation to enhance adaptive capacity, strengthen resilience, and reduce vulnerability to climate change.

Objectives

The course aims at strengthening participants' own capabilities to make draft plans to formulate or improve policies/measures on adaptation to climate change in participants' organizations.

To Whom?

Job Areas and Organizations

This program is offered to an officer in charge of planning and/or implementation of adaptation to Climate Change in a national or local governmental office. (Preferably an officer in national focal point to the UNFCCC, who is in charge of coordination of adaptation issues in respective countries, or an officer in charge of policy making on adaptation to Climate Change).

Course Capacity: 12 participants

The applying organization with the best intention to utilize the opportunity of this program will be highly valued in the selection.
